

Instructions for making a book of Favorite Things

Here's the template for the book pages. Find whatever images you want from the internet, shrinking them down, to fit on the pages. Either select colored images, or, like I did, all black and white and then get out your crayons!

The pages in this table are 1.02" high and .97" wide. Tabs A & B are .36" wide.

Accordion the pages, like the picture. Using a glue stick on the back of every other page, press the accordion pleats together to form two-sided pages.

A	<i>Unicorns</i>	<i>Flowers</i>	<i>Ladybugs</i>	<i>Rainbows</i>	<i>Butterflies</i>	<i>Leaves</i>	<i>Dragonflies</i>	<i>Birdies</i>	<i>Shooting Stars</i>	<i>4 Leaf Clovers</i>	B
----------	-----------------	----------------	-----------------	-----------------	--------------------	---------------	--------------------	----------------	-----------------------	-----------------------	----------

Here's the template for the cover of the book.

It is a little bit larger than the pages. The table for the cover is 1.1" high and 1.1" wide.

This part gets folded onto the 'back cover', to secure tab 'B'

This is the back cover

This is the front cover

This part gets folded onto the 'My Favorite Things', to secure tab 'A'

(use glue stick on the backside of this)

(use glue stick on the backside of this)

Viola! A little fairy-sized book!
